CAPITAL NOTES.

Frankfort.

Grand Jury Probing.
Judge C. E. Booe, who was sentenced to the penitentiary for stealing from the state, was taken before the grand jury. Considerable anxiety is felt to ascertain why he was taken before the jury, and further sentences are expected.

Auditor James Wants Extra Session.
State Auditor James declared that Gov. Willson should call an extra session of the legislature, free of any entanglements, to pass a county unification bill. He says the republican party in Kentucky is pledged to pass the bill.

Governor Issues a Requisition.
Gov. Willson issued a requisition on Gov. Marshall, of Indiana, for the return of John D. Richardson to Louisville to face a robbery charge. It was expected that when Indiana elected a democratic governor the first requisition from Kentucky would be for W. S. Taylor and Charles Finley, but in the change of the governor of Kentucky is a republican.

Will Cause Radical Changes.
J. G. Crabbe, superintendent of public instruction, has received opinions approved by Attorney General Breathitt that will make radical changes in conducting common schools. In one it is held that no teacher has the right to share in the school fund unless that teacher has a certificate of qualification from a board of examiners. In another it is held that it is the duty of the state superintendent to withhold any part of the school fund due any city or school district for noncompliance with all the school laws.

Chinn To Look After Racing Interests.
Col. Jack P. Chinn, of Harrodsburg, has been nominated for representative on the democratic ticket. As chairman of the state racing commission he will be able to do valuable service to the horsemen. He drafted the racing-commission bill and had it passed.

Clean Bill Given Insurance Company.
David Meriwether, of Louisville, submitted to Insurance Commissioner C. W. Bell the result of his examination of the Inter-Southern Life Insurance Co., of Louisville, in which he says he found the company in good condition.

Chosen To Carry Electoral Vote.
The democratic state electors selected Robt. L. Thornbury, of Campbellsburg, messenger to carry the 13 votes of Kentucky to Washington to be cast in the electoral college for Bryan and Kern. They adopted resolutions commending the party's leaders.

Reports of a Break Denied.
It has been steadily intimated lately that members of the governor's official family were ready to declare war on him because they have not been advised with about matters that have recently come up, but Gov. Willson says such reports are groundless.

Booe Found Guilty.
Judge C. E. Booe, of Flemingsburg, former assistant auditor and claim clerk, was sentenced to the penitentiary for five years in the Franklin circuit court on the charge of forgery. He waived arraignment, confessed his guilt and asked for mercy.

Traction Companies Score a Victory.
Traction companies won a sweeping victory in this state when the state railroad commission ordered the Cincinnati Southern Railroad Co. to make suitable connection with the Blue Grass Traction Co. at Georgetown. The effect of this decision is that the steam transportation lines throughout the state must make connections with the electric traction lines, and in the future car load lots and half car load lots will be delivered along the lines of the electric roads.

Louisville, Ky.—The Louisville Bowling association elected the following officers for the ensuing year: Fleming G. Harper, president; E. B. Addison, vice president; Joseph Kuhn, secretary and treasurer. Louisville will probably vote for Milwaukee for the 1910 tournament, and for Garry Hermann as president of the A. B. C.

Lexington, Ky.—The fiscal court for Fayette county fixed the rate of taxation for 1909 at 47 cents on each \$100 taxable property with an additional 3 cents per \$100 for school purposes on all property lying outside the city limits, and county expenses \$173,550.

Burkesville, Ky.—Lilliborn Phelps, an attorney of Jamestown, has announced his candidacy for the republican nomination to represent the Sixteenth district in the state senate. So far he has no opposition.

Owensboro, Ky.—T. S. Anderson, under indictment for wrecking the Davis County Bank and Trust Co., gave notice to Commonwealth's Attorney Ringo that he will apply for a change of venue at the special term of court that convenes in Owensboro to try the charges against him.

Paris, Ky.—A six-foot rise in Stoner creek as the result of recent rains has cut the water supply of Paris on a sure basis. The creek is still rising.

Owingsville, Ky.—Fire here destroyed three buildings, a clothing store, furniture store and barber shop, with contents. Loss is \$25,000. Insurance about \$15,000.

Somerset, Ky.—Dr. Samuel Scott, a prominent physician and nephew of Senator William O. Bradley, was adjudged insane and taken to the Central asylum. Grief over the death of his brother is probably the cause.

Covington, Ky.—The annual report of police department shows 1,548 arrests; safekeepers, 1,132; misdemeanors, felonies, drunks, etc., 1,534; fines collected, \$1,516. The department has but 46 night and day patrolmen for a population of about 60,000 people; salaries, \$52,781.50.

Louisville, Ky.—Believing that the passage of the proposed postal savings bank law would be prejudicial to the smaller banks, concentrating too much money in the government vaults, the Kentucky Bankers' association will oppose its passage, and a committee was appointed for that purpose.

Stearns, Ky.—The Lexington company of the state guard under Capt. Jones, who have been doing duty here, were relieved and returned home. Careful investigation caused officers to be fully convinced that Berry Simpson and his gang have left the state and no further trouble is feared.

Lexington, Ky.—The shocking news was received here that Clarke Tandy, one of the most brilliant and widely known young men of this city, and nephew of Dr. Clarke, had been found dead in his bed at the Collegiate Preparatory school at Lawrenceville, N. J., in which Mr. Tandy had ten days ago assumed the duties of an instructor.

Lexington, Ky.—In circuit court, Bill Britton, of Breathitt county, charged with the assassination of James Cockrell at Jackson, was dismissed, the prosecutor believing conviction impossible. This wipes out all indictments for murder in Breathitt county cases on the Fayette docket having been brought here on change of venue. Britton was sentenced here to life imprisonment for the Cockrell murder, but the appellate court gave him a new trial.

Lexington, Ky.—Major David H. Castleman, owner of Clifton farm, Shakerstown, Ky., and son of Gen. John B. Castleman, of Louisville, will leave here for Cuba, to become the general manager of an extensive plantation located near Bahia Honda, 50 miles west of Havana. The plantation is owned by a company of American capitalists and is to be devoted to the breeding of saddle horses and mules and to the raising of tobacco and citrus fruit on an extensive scale.

Paducah, Ky.—Alf H. Cardin, of New Albany, Ind., until recently a resident of Crittenden county, Kentucky, fled suit in the United States court here against William Neal and 100 other alleged night riders of Marshall, Crittenden, Caldwell, Trigg and Lyons counties for \$16,000 damages. Cardin claims the men burned his tobacco warehouse at View on the night of February 8, 1908, and compelled him to leave the state. Cardin ten years ago ran for governor on the populist ticket.

Paducah, Ky.—Under Section 160 of the constitution Circuit Judge W. M. Reed decided that George Walters, democrat, was legally city treasurer of Paducah, and John J. Dorian, republican, was an usurper. Both have been filling the office. After Dorian was elected in November, 1907, the practice of his eligibility arose. Walters was elected last November and sued to oust Dorian. Judge Reed held that no official handling public money was eligible to succeed himself. An appeal was taken.

Barbourville, Ky.—The United Mine Workers of America may take charge of the defense of the miners at Stearns, charged with defying injunction and engaging in a battle with federal officers on Christmas day. Attorney B. H. Golden, who has had charge of the litigation involving union miners in this end of the state, went to Stearns, at the solicitation of the United Mine Workers of America, and will investigate the situation. It was an attempt to unionize the Stearns plant that led to the difficulty Christmas day.

Covington, Ky.—Judge Harbeson sustained a demurrer to the petition of the delinquent tax collector in the case of the collector against the United States Express Co., holding the city of Covington has not the right to assess a franchise tax against the company.

Sharpsburg, Ky.—John and P. W. Manley, farmers of this section, have received vouchers for \$135 for horses they surrendered in the civil war. They were in the confederate army.

LANGFORD.

Thomas Bagan and family will move to Dr. Lewis' property, known as the Prewitt farm in the near future. We regret to lose such a splendid family from our midst but trust that the change will be for their welfare.

Miss Myrtle Bryant closed her school at this place last Saturday and was a most successful term.

Mrs. T. A. Coffey, who has been on the sick list for several days, we are glad to say is better. She has been confined to her bed since last August.—W. H. Braker is selling lots of good and doing a good business with his saw mill.—Little Margerite and Mamie Baker are reported very sick with whooping cough.—The little babe of Mr. and Mrs. Elmer Coffey is reported very sick, but better at this time.—Our good citizen Geo. Taylor, who has been sick for many months, continues about the same.—Elmer Coffey will soon have his new house completed.—Some little preparation has been made for the repair work to be done on church house at Humel. We hope to see the house fixed as it should be.

Little Willie Kirby of Mt. Vernon spent last week with her aunt, Mrs. W. H. Baker.—William Jordan, has gone to Danville where he expects to make his future home.—Little Clyde Baker, spent Sunday with relatives in Mt. Vernon.—S. B. Ramsey and family of Mt. Vernon, spent several days with relatives near here.—Jesse Proctor is erecting a new dwelling.—Bub Turpin will be the Mill boss for the Kentucky Freestone Co., next season.—Mr. and Mrs. Marvel Coffey are both very feeble.—The little girl of Mr. and Mrs. Geo. Griffin, stuck a needle in its foot about two weeks ago and so far have been unable to get it out, but fortunately it is not giving the little one any pain.

STOMACH DISTRESS.

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take one triangle after supper to-night. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debility, ting Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion.

If opportunity offers, either to-day or to-morrow, Senator Carter will call up the postal saving bank bill, and either then or some day following will attempt to have the Senate fix a day for voting upon it. In this effort he will not be immediately successful. There is sharp opposition to the bill in the Senate.

WISE COUNCIL FROM THE SOUTH.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this remedy." Sold under guarantee at Chas. C. Davis drug store. Price 50c.

BRODHEAD.

Miss Ada Wesley has returned to her home at Liberty after spending three weeks here with her grandmother, Mrs. M. S. Durham.—C. C. Cable left today for Cuba after spending four weeks with his mother, Mrs. L. B. Cable.—Misses Katie and Annie Cass visited their sister, Mrs. L. B. Hilton at Stanford, this week.—The Citizens Bank at this place declared their usual 8 per cent dividend and also placed a good amount to surplus.

John E. and Wm T. Evans left Tuesday for a three weeks trip through north eastern Kentucky.—Mrs. Arch Brown and children returned to their home at Corbin after spending two weeks here with friends and relatives.—Miss Elizabeth Storms, of Heavy Ky is a charming visitor of Mrs. Lou Storms.—M. B. Bowling spent a portion of last week in Richmond and Berea.—W. A. Tyree is now greatly domiciled as proprietor of the Frith hotel and makes a No. 1 host.—We are glad to say that Mrs. Susie B. Cherry is able to be out again after two weeks illness.

N. Giles Carter formerly of this city but now of Friendsville Tenn, was here a few days of last week to see his brother, Dr. W. F. Carter. Giles has resigned his place as Cashier of State Bank at Friendsville Tenn., and will take charge of the Tellico Bank & Trust Co., at Tellico Plains Tenn., with a very large increase in salary. We certainly are always glad to know of our boys doing better.

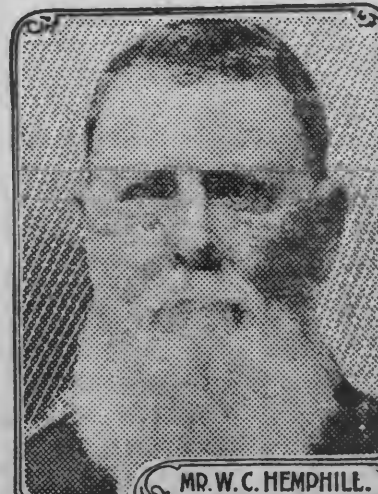

Rev. and Mrs. C. C. Wilson are preparing to leave our town and will move to Lincoln county. We certainly can recommend them to their new place.—The supper at the Masonic Hall last Monday night drew a large crowd and a big time was had.

A RELIGIOUS AUTHOR'S STATEMENT.

For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy.

"I CAN recommend Peru as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled with it severely for over a year, and also a cough."

"Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. It will recommend it to all as a rare remedy."—Mrs. F. E. Little, Tolono, Ill.

"I HAD catarrh of the stomach, bowels and lower internal organs. Had a great deal of pain in my right hip which felt like rheumatism. Also, pain in my internal organs. The water was highly colored, my back was weak, was constipated, and very restless."

"I commenced to take Peru according to directions, and began to improve. I have taken ten bottles of Peru and think I am cured."—Mr. W. C. Hemphill, Louisville, Miss.

"MR. H. G. GREEN and family, of Lewis Creek, Ind., write: 'We cannot express to you our thanks for what Peru has done for mother.'

"When she began your medicine she was not able to be up all day, but now she is helping with the work and at present has gone on a visit. Her health is improved in general. No discharges, Good appetite, Sleeps well and looks well."

"BY following your instructions and taking your Peru and Manala I am cured of catarrh."

"I had catarrh for twelve years and quite a bad cough so I could not sleep nights. I do not have any cough now. If I feel anything in the throat I take a swallow of Peru and I am all right."—Mr. W. D. Smith, Sr., 2440 Forest St., Fort Huron, Mich.

JOHN E. EVANS.

The popular Brodhead salesman who has the entire state for the McCulley Hat Co. of Knoxville, Tenn. John is one of Rockcastle's noblest sons and we certain hope to see him make a great success which he so greatly deserves.

ODD BY PRODUCTS OF CHEESE

Champaign, paper, pearl buttons —by-products in the manufacture of cheese.

From the casein, or whey from the skim milk, cheesemakers have evolved a means of manufacturing an article equal to the best imported champagne, a button equal to the best pearl ever found in the Mississippi River, and a glass paper which rivals the product of Wisconsin paper mills. Only in the last year has this new field been opened to cheesemakers. Formerly the casein was thrown away, or given to hogs.

When the seventeenth annual convention of the Wisconsin Cheesemakers' Association opens in Frei Gemeinde Hall, the manufacture of the new by-products will be discussed.

Another product, comparatively new in the commercial in connection with the dairy interests, is an article known as whey butter. This is a butter that has been made from skim milk, and as a substitute for real butter is said to answer all tests of the real article, except that it does not pass the present pure food laws. Otherwise whey butter is said to contain all the beneficial ingredients supposed to be found in the best creamery product.—Milwaukee Wisconsin.

"THERE is no battleship in the United States Navy that would fill and sink in one hour because of the damage done by three twelve-inch shells on her water line armor, no matter whether they made a gateway or holes as big as a door," declares Rear Admiral Robley D. Evans replying in Hampton's Magazine for February to critics of American battleship construction. Henry Reuter and other critics have charged that all our ships old and new, and under construction, are faulty in design in the matter of water line protection and would crumple as did the egg shell Russian fleet under heavy fire. "We are not in the condition of the Russian Fleet in the Sea of Japan, either temporarily or permanently," asserts Fighting Bob.

THE verdict of the Tennessee jury convicting six night riders for the murder of Colonel Rankin is a refreshing indication and prefigures a better condition in that section. It is also encouraging to note that the Southern press is emphatic in its approval of the verdict. The jurors in doing their plain duty in the face of great personal risk is also an inspiring indication and will strengthen public confidence in the ability of the courts and the law to overthrow the anarchy which has long been a disgrace to parts of Kentucky and Tennessee.

LET the President have the stage. His engagement is short. Never mind Tillman and his pitchfork, his timber lands and his twopenny. The President is the star attraction.

We are glad to see the steps which are being taken, looking to the erection of the County High School. Now that the county must establish this school and must erect a suitable building for the carrying on of such a school, it is to be hoped, that it will be done upon a basis, which will be the best in end and not what might seem the best at the present time. What citizen will ever miss the few dollars he will pay for the erection of this building and maintaining of the school, not a one, it matters not whether the building is erected upon a "cheap scale" or whether we have a building which will be an ornament to the county and a credit to the citizens who build it.

WHERE is that son of a prophet who predicted that the automobile and the trolley car would retire the horse from business. The prices obtained at recent horse sales indicate no slump in horse flesh. The horse bids fair to survive even the flying machine as he has long survived steam locomotion.

NEWS ITEMS

Senator Tillman has received many congratulations from South Carolina on his speech replying to the President's letter to Senator Hale.

The State-wide prohibition bill passed the Tennessee Senate Monday by a vote of 21 to 12. The House is expected to pass the bill to-day.

The Illinois Senate has decided to hold a joint session with the House for the purpose of canvassing the vote at the last State election.

George C. Perkins was re-elected United States Senator from California on the first ballot at Sacramento by a vote of 56 to 22 in the Assembly and 32 to 8 in the Senate.

Bundies of switches and threatening notes left on the doorsteps of Jeffersonville residents, while they are thought to have been the work of boys, have aroused some apprehension.

Turkey has decided to accept Austro-Hungary's cash offer as indemnity for the annexation of Bosnia and Herzegovina. This action is believed to have obviated any possibility of war.

Secretary Root and Ambassador Bryce, of Great Britain, at 8 o'clock last night signed a treaty for the settlement of differences between the United States and Canada, popularly known as the Waterways treaty.

Seventy new cases of Asiatic cholera have been reported in St. Petersburg during the three days following the Russian Christmas. Up to the present time the epidemic shows a total of more than 9,000 cases and 3,599 deaths.

NOTICE:—To the taxpayers of Rockcastle county, please look up your tax receipt and see if you have one for the year 1908 and if not it would pay you to settle at once and save cost of levy and advertisement as I am compelled to make my settlement with county. R. L. McFERRON, Sheriff Rockcastle county.

Information was received by telephone this morning from Dunnville, Casey county, that George Cundiff, a well-to-do farmer, was attracted to his barn during the night by a rumbling noise. Taking his shotgun in hand he proceeded to the scene and was fired upon, but the party who did the firing took to his heels. Cundiff proceeded to his barn and discovered a man loading his wagon from the crib. Cundiff took a shot at him and is alleged to have killed George Berry's face with shot. Berry was arrested and his examining trial will take place tomorrow before Magistrate Shelton.

The extreme sensitiveness of the existing relations between the Chief Executive and Congress and the likelihood of further occurrences tending to accentuate the situation will focus wide attention upon the sessions of both House and Senate this week. Senator Tillman's speech today, making reply to the charges brought against him in the President's latest special message, is not expected to get far in the direction of clearing the official atmosphere of the Capitol. Senator Tillman will take the floor immediately after the Senate convenes to-day will make reply in detail to the various allegations contained in the President's letter to Senator Hale. He will not speak at great length, and it is not anticipated that anyone will reply to him.

The bill to prohibit the sale of intoxicating liquor in Tennessee passed the lower house of the General Assembly. The vote was 62 to 36. The Governor is allowed to hold a bill five days. If at the expiration of this time it has not been returned to the Assembly it becomes a law without his signature. State-widens maintain that the Governor's action is not material, that if he disapproves it his veto will not be sustained. The bill provides that prohibition become effective July 1, 1909.

The fate of Judge Booe, we are sure, worries us more than it does him. To think that a man who but a few months ago enjoyed the highest respect of the community, in lodge, in church and in every relation, should now be clothed in a convict's garb and the occupant of a felon's cell, stirs every feeling of our nature. That a man so trusted should prove so recreant to every trust almost makes one lose confidence in his kind and leaves him ready to say that there be few who can be trusted. That Judge Booe wore the livery of heaven the better to conceal his nature of wolf and the easier to work his scheme of theft, but adds to his disgrace. It is not, however, a new one. Bad men have it in all ages.—State Journal.

Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

IMPORTANT:—A few telephone subscribers have read the new directory and are abiding by instructions thereby facilitating the service. Others, it seems, simply hang up the book or throw it aside with but little if any attention. This article is for the purpose of again calling the attention of all to the importance of reading the instructions given in the directory. It not only aids the operator at central but brings quicker and better service giving better satisfaction all around. Read up, post yourself and show that you know how to use a phone.

BROKE JAIL:—John B. G. Miller and a man by the name of Flynn from Pulaski county, serving long jail sentences for the illegal sale of whisky, made their escape last Saturday night. These men were in the second story and to force an exit was a very easy matter as the upper part of the jail is better suited for most any other purpose than for a jail. The officials should be and are no doubt glad that they are gone, if they will only leave the county and stay away. Miller has served numerous sentences on similar charges and has been a source of considerable worry and annoyance to the officials. He now stands indicted for a nuisance, and with the large number of whisky indictments hanging over him he is not very likely to return unless brought back by the officers of the law and this would mean more trouble in the end and nothing gained.

During the fiscal year 1909 the Bureau of Soils, in addition to the usual detailed areal surveys, will prosecute reconnaissance surveys, on a scale of 6 miles to the inch, in the Appalachian region, over that portion of North Dakota situated west of the one hundredth meridian in southern Texas, and in eastern Montana.

In order to make possible a more detailed inspection of the soil survey areas in progress, and to secure an early date a complete reconnaissance of all of the more important soil provinces and series, the field work of the Soil Survey has been divided into five sections and Kentucky is embraced in the Eastern Central section with Mr. J. E. Lapham in charge.

Rockcastle which will be taken up on or about April 1st, is the only county in the state to be thus surveyed.

Died at Kingston Madison county Ky., on Tuesday Jan 5th 1909 Williamson Boulware in the ninety fourth year of his life.

He married, as his second wife Miss Mary C. Williams sister of David N. Williams and Mrs. J. W. Van Winkle, of this place, who preceded him about four years.

He leaves a son, R. W. Boulware of Solano New Mexico, Mrs. John Buchanan, residing at the old homestead near Kingston, and Mrs. J. R. Cox near Richmond to mourn his loss.

Williamson Boulware was well known in Madison county as a good citizen, and a consistent christian gentleman, having been a member of the Christian church the greater part of his well spent life, also as a good husband and father.

He was at the time of his death, as he had been for a great number of years a member in good standing of the order of F. & A. M.

He will be missed by his many friends and neighbors by whom he was so well and favorably known.

EDITOR MT. VERNON SIGNAL,

Dear Sir:—If you will allow me space I will have a little to say about Rural Free Delivery of Uncle Sam's mail as the subject is being discussed by two of your news writers. It is not my intention to lock horns with any person on this subject and get up a series of debate through your columns. But am a hearty supporter of all worthy improvements. Our beloved Uncle Sam has been like all other children, had to crawl before he could walk. He had to content himself with wooden war vessels till inventions have made better ones of modern type. The flint lock rifle has long been in the background. The swift express trains have taken the place of stage coach. Ele ctripcity the place of the

mule or horse in propelling the street cars. And thousands of other things have been shelved by the ingenuity of man with modern appliances. Then why should the country of Rockcastle content themselves with postoffice and star route mail service when remotest parts of all states have R. F. D. service. I could not seriously object to our Quail friend opposing the installation of R. F. D. through the Quail section as he might have to make his bread and meat some other way besides carrying mail on a star route. I have a post office at my place and makesome money from cancellation of stamps and receive my mail at my place of business from a star route, but would be very proud to have a R. F. D. route started at Brodhead go by way of Ottawa to Quail from there south to cross roads near Logan Hasty's thence north east to Bromo, thence to Spiro and from there to Brodhead by way of Fount Harris a distance of possibly sixteen or eighteen miles in all. And by so doing would wipe off the map four postoffices and two star routes. Why oh! why should Rockcastle be so far behind everywhere else? Trusting that I have not said anything that anyone can take exceptions to and possibly have said some thing that will be for the betterment of old Rockcastle. I remain yours truly, P. H. SHUTTS

LEVEL GREEN.

Winter school opened here Monday with D. R. Gentry as teacher with encouraging prospects for a goodly attendance. The school is principally intended for those preparing to fit themselves for teachers, but the kindergarten will receive close attention also.—The singing-school which is in session at Burnetts' chapel, conducted by a Mr. Thompson from Pulaski, is progressing nicely.—The cold weather which set in Monday has been the only genuine winter temperature we have had in this part this season.

Miss Fannie DeBord, of this place left Monday last for Oklahoma for an extended visit to her

sister, Mrs. Wade H. Brown, of McAlester.—Overton Gentry, of Quail spent Monday until Tuesday of this week with his brother D. R. Gentry, of Level Green.—Now that Mr. Taft will soon take charge of the big stick, the price of hogs has risen all the way from 2 3/4 cent. to zero. We hope and trust that the poor, ignorant fellows who voted for "protective" tariff, will vote for another scale of protection to restrain the meat trust from starving their hogs to death.

RHEUMATISM RECIPE.

A well-known authority on Rheumatism gives the following valuable though simple and harmless, prescription, which any one easily prepare at home:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Mix by shaking well in a bottle, and take a teaspoonful after each meal and at bedtime.

He states that the ingredients can be obtained from any good prescription pharmacy at small cost, and, being of vegetable extraction, are harmless to take.

This pleasant mixture, if taken regularly for a few days, is said to overcome almost any case of Rheumatism. The pain and swelling, if any, diminishes with each dose, until permanent results are obtained, and without injuring the stomach. While there are many so-called Rheumatism remedies, patent medicines, etc., some of which do give relief, few really give permanent results, and the above will, no doubt, be greatly appreciated by many sufferers here at this time.

Inquiry at the drug stores of this neighborhood elicits the information that these drugs are harmless and can be bought separately, or the druggists here will mix the prescription for our readers if asked to.
